AUTOCUT 5-20L

9080-03-00

Product info	AutoCut 5-20L is an automatic cutting machine for textile and steel reinforced hoses up to 3/4". It is very easy to use thanks to the touch screen and has excellent length tolerance.
Product info2	Hose Reel and conveyor are optional, see related products. There is also an optional inductive heat unit available to prevent flaring hose ends when cutting stainless steel reinforced teflon hoses.
Product group	900
Type	Cutting Machines
Other	Automatic
Length	1070 mm
Width	750 mm
Height	1100 mm
Weight	475 kg
Min/Max hose diameter OD	8 - 30 mm OD
Max cutting length	32000 mm
Max load hose reel	400 kg
Cutting tolerance	+/- 1 mm, according to DIN 20066
Motor	5,5 kW, 2880 rpm
Servo-motor	0,5 kW 10 - 30 m/min
Diameter blade	400 mm
Shaft diameter blade	50 mm
Per/hour	500
Air pressure	min. 6,0 bar
Voltage 3-phase	230/400V/20A/50Hz
Connection for smoke evacuation	100 mm
Storage capacity	1200 artikelnr.
Specific accessories	HoseReel-EOS Conveyor CellCon digital measuring instrument Cutting blade 9005-00-04 "toothed" 520x4x50 Printer for work reports Remote control KnifeCut 4-30AC Hose joint detection system See related products.
