

SPIR STAR, TYPE 2W

1201-11

Product group	140
Inner tube	Polyamid/Nylon 11/12
Cover	Polyurethane
Temperature min. °C	-30
Temperature max. °C	+80
Media	Oil, Water
Reinforcement	Four spirals of steel wire
Safety factor	1:2.5
Applications and characteristics	A hose for high pressure hydraulics and water cleaning. The hose is delivered assembled with fittings according to customer demand.
