

SNOW CANNON HOSE 20 METER WITH CAMLOCK 50 BAR

1490-30

Product group	140
Inner tube	Black EPDM
Cover	Polyester textile
Media	air pressure,water
Safety factor	2:1
Applications and characteristics	Flexible and manageable snow cannon hose. The hose comes in a finished 20 meter length with a male and female CamLock wired with serving wire. The serving wire comes in a stainless material. The coarse pattern design of the hose stabilizes it in slopes. The hose is tested at SP Technical Research Institute of Sweden.
