

DRINKING WATER HOSE W.R.A.S

1552-80

Product group 140

Inner tube TPE

Cover PVC

Temperature min. °C -15

Temperature max. °C +70

Media Food, water

Reinforcement Synthetic textile

Safety factor 1:3

Applications and characteristics Food hose especially suited for drinking water. The construction of the hose gives a very good bend radius and abrasion and aging resistance. The inner tube is odorless. The hose is food approved and meets the requirements for drinking water hoses according to W.R.A.S.

Design Smooth, white
